

Guy Buchanan

I joined the Amicus Group in February 2007 after five years working in the insurance industry both in Christchurch and overseas.

Through a range of leading providers I am able to offer personal advice on insurance cover and investment options to meet your individual needs. I will then provide a service of regular contact and review to ensure your planning is on track and your cover still meets the needs of changing circumstances.

As an Adviser with Amicus I am able to assist you personally with all areas of insurance.

Qualifications

AMP Financial Services Practicing Certificate
New Zealand Diploma in Business Studies
